FACTSHEET
FOR INCOMING
EXCHANGE STUDENTS

Full legal name of the institution	INSTITUT NATIONAL DES SCIENCES APPLIQUÉES DE TOULOUSE
Common name	INSA Toulouse – France
Short description	With more than 18,000 engineers in every economic sector, INSA Toulouse—a public, multidisciplinary and international engineering school—is renowned for the educational excellence in its five-year program, which attracts top-class students. INSA Toulouse is part of the INSA Group, the largest engineering group in France. It is also member of the University of Toulouse, one of the oldest universities in Europe. INSA Toulouse offers eight engineering specializations (master’s level): Computer Science & Networks, Automatic Control & Electronics, Civil Engineering, Applied Mathematics, Mechanical Engineering, Applied Physics, Chemical Engineering, and Biological Engineering. Its academic offering—supported by cutting-edge research laboratories and backed by large industrial groups—focuses on the latest scientific advances, ranging from new materials for aeronautics and environmental sciences to nano-objects. With over 250 interinstitutional agreements worldwide and a mandatory 16-week period abroad for all students, it is safe to say that the international dimension of learning is a priority for INSA. On campus, one in five students is an international student.
